**Subject:** Discussion with NCI re: modeling of cancer mortality  
**Attachments:** IURissuesfromNASforNCI\_061813.docx

Tom and Jennifer developed responses to the NAS comments pertaining to dose-response modeling based on our meeting with the NCI investigators. We committed to sending the responses to them for verification and clarification, if needed.

There are some questions raised by Tom and Jennifer in the document that we should resolve before sending it on the NCI. If we need to meet that's fine, or we may be able to resolve via email.

The document is attached.

Regards, Barbara
